## TECHNICAL BULLETIN

# LIQUEFIER

**LIQUEFIER** is specifically formulated heavy duty and concentrated, high-alkaline industrial cleaner. The chemical can effectively remove grease, fats, mildew stains, and algae from areas that have been neglected with minimum surface scrubbing

### BENEFITS:

- Instant action
- Super concentrated cleaner and degreaser
- Stripper
- Non-toxic, non-combustible and non-flammable

### USES:

- Food processing plants
- Remove grease and oil from tiles and floors, equipments and machines, printing press, exhaust fans, and etc

### METHOD OF APPLICATION:

#### For light duty cleaning

1. Mopping and window cleaning
2. Mix 1 part cleaner to 80 parts of water

#### For medium duty cleaning

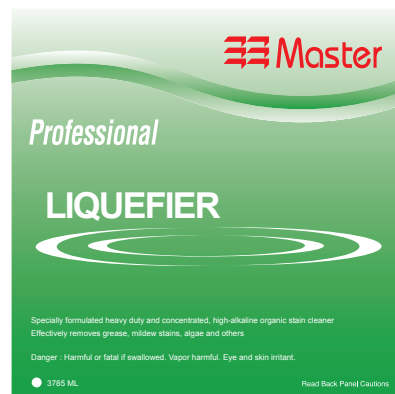

1. Automatic scrubbing and high pressure cleaning
2. Mix 1 part cleaner to 40 parts of water

#### For heavy duty cleaning

1. Ovens cleaning, degreasing and fats removal
2. Mix 1 part cleaner to 5 parts of water
3. Apply solution to surface with mop or sponge
4. Allow to dwell 3 to 5 minutes for cleaning
5. Mop up dirty solution
6. Rinse thoroughly with clean water

### LIMITATIONS:

Do not allow product to come in contact with any non-recommended surface

### HANDLING AND STORAGE:

- Keep container closed
- Store between 10°C - 40°C (50°F - 104°F)
- Preferable in cooler place to maintain product quality
- Avoid contact with strong acids

### CAUTION:

- **KEEP OUT OF REACH OF CHILDREN**
- Eye protection and rubber gloves recommended during application
- **IF INGESTED:** Do not induce vomiting. Drink large quantity of water or milk. Seek immediate medical attention
- **IF INHALED:** Move to fresh air. If symptoms persist, get medical attention
- **EYE CONTACT:** Flush with large quantity of water. Seek immediate medical attention
- **SKIN CONTACT:** Wash skin with soap and water. If irritation persists, get medical attention
