TECHNICAL BULLETIN

EXTRACT

EXTRACT is a powerful, concentrated, low-foaming, low odor formula and extraction type cleaner for heavily soiled carpets, rugs and upholstery including detergent residues.

The deep penetrating action of this product provides fast-acting and effective deep cleaning in water extraction machine. EXTRACT can be use as extraction cleaner, high-traffic lane pre-spray, bonnet buffing or general carpet spotting.

EXTRACT contains built-in foam control to prevent recovery tank clogging and corrosion inhibitors to protect equipment. The usage of this product is safe on all generations of carpets

BENEFITS:

- Low foam formula with no separate anti-foam agent
- Pleasant low odor fragrance
- Resists re-soiling
- Removes toughest carpet soils
- Provides excellent cleaning
- No optical brighteners

USES:

Ideal for all types of carpet and upholstery cleaning

METHOD OF APPLICATION:

For portable extractor use:

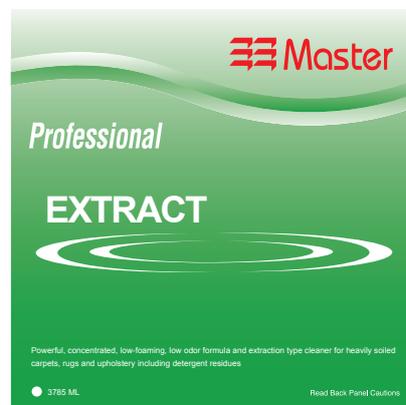

- Mix 1 part cleaner with 80 parts of water

For truck mount stock solution:

- Mix 1 part cleaner to 60 parts of water

For use as pre-spray (except on stain resistant synthetics):

- Mix 1 part of cleaner with 40 parts of water
- Spray solution via a pressure sprayer onto carpet, paying particular attention to spots and traffic lanes
- Agitate with carpet rake, extractor brush, shampoo brush or bonnet

- Fill extractor with water and rinse carpet. After cleaning, re-set pile by brushing in one directions with a clean stiff synthetic broom or carpet rake

HANDLING AND STORAGE:

- Avoid direct contact with eyes
- Store between 10°C - 40°C (50°F - 104°F)
- Preferable in cooler place to maintain product quality
- Avoid prolonged exposure to high temperature, direct sunlight and/or high humidity

CAUTION:

- **KEEP OUT OF REACH OF CHILDREN**
- Wash with plenty of water after handling
- **IF INGESTED:** Drink 1 to 2 glasses of water or milk
- **IF INHALED:** If breathing is affected, move to fresh air
- **EYE AND SKIN CONTACT:** Rinse with plenty of water. If symptoms persist, seek medical attention
