

**R61** is a water-based non-flammable ready-to-use product which gives protection against germs, odors, mold and mildew. It acts as disinfectant, deodorizer, anti-bacteria and anti-fungus which suitable for application on wide range of materials and surfaces such as on stone, tile, grout and other washable hard surfaces.

R61 formulation contains high levels of active ingredients that destroy microorganisms upon application and provide residual protection against destructive microorganisms, germs, mold and mildew.

### USES:

- Recommended for use in the household (homes), commercial, industrial and institutional properties
- **KITCHEN:** Kitchen floors collect both traffic dirt and kitchen germs. Use anywhere greasy dirt is a problem
- **BATHROOM:** Great for cleaning and deodorizing basins, tubs and tiles. Leaves everything bright and clean, kills odor-causing household germs

### METHOD OF APPLICATION:

1. **Read entire label before using**
2. If surfaces are visibly dirty, pre-clean with Liquefier or Stone Cleaner or Poultice with R20/L20 before treatment
3. Apply by spray on hard, non-porous surfaces to thoroughly wet surfaces for a minimum contact time of 10 minutes
4. Wipe dry with a clean cloth or sponge or allow to air dry. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with portable water before reuse
5. For sprayer applications, spray 6-8 inches from surfaces, rub with brush, sponge or cloth. Avoid breathing spray
6. Adequate ventilation system is recommended for heavily treated spaces and not re-entered for at least one (1) hour after treatment

### MILDEWSTATIC INSTRUCTIONS:

- Will effectively inhibit the growth of mold and mildew, plus the odors caused by them when applied to hard non-porous surfaces listed on this label
- Apply with a spray, make sure thoroughly wet all surfaces
- Allow surfaces to remain wet for 10 minutes. Let air dry
- Repeat application weekly or when growth re-appears

- When use as directed for disinfectant with a contact time of 10 minutes on hard non-porous surfaces in bathrooms including shower stalls, floors, locker room benches, bath mats and glazed bathroom tiles

### LIMITATIONS:

Do not use to clean utensils, glassware, dishes and medical devices

### HANDLING AND STORAGE:

- Harmful if swallowed
- Avoid contact with eyes and prolonged skin contact
- Store in original container only
- Store in cool, dry, ventilated area
- Do not re-use empty container

### CAUTION:

- **KEEP OUT OF REACH OF CHILDREN**
- **IF INGESTED:** Seek medical attention at once
- **IF INHALED:** Move to fresh air
- **EYE CONTACT:** Flush with large quantity of water for at least 15 minutes. Seek medical attention
- **SKIN CONTACT:** Wash with mild soap and water. If symptoms persist, seek medical attention
